Dear Immersion Families,

There are some exciting projects that will enhance our immersion students' cultural experiences. As you know, language and culture go hand in hand; there is much to be said for the opportunity our students have at Casa, where they are in touch with faculty members and students from many of the Spanish speaking countries, each one of them offering special and unique nuances of Hispanic culture.

Our Immersion Family Supper Club Night is scheduled for Thursday, March 1, 2012. Again, this offers immersion families an opportunity to meet. We will be talking about helping children with homework at Children's House, Lower Elementary, Upper Elementary and Middle Grades levels, community cultural resources, second language expectations at different grade levels, and immersion program innovations. This time we would like to try Pot luck with the attending families. You can share your special family recipes for this event. The Immersion teachers will provide a sample of some traditional desserts from their home countries.

We will meet in UE 4 at 6:00 p.m. If you would like to join us for supper, please fill out the bottom portion of this memo and describe the recipe you want to share and send it back to the classroom teacher **by Friday, February 17, 2012**. Please plan to bring enough food for ten serving approximately. Childcare will be available. Please feel free to join us from 6:40- 7:30 pm even if you are not dining.

We hope you can join us for a relaxed and friendly dinner!

Sincerely,

Immersion Super Club Committee
